Why should I register with ProContract?
Registration is free and your company profile will be immediately available for opportunities managed by over 30,000 buyers from over 400 private, public sector and 3rd sector organisations.

What happens next?
Once we have verified your company name and email address you will be asked to complete a short registration process including basic company details and contact information. Upon submission, your registration application will be reviewed by the ProContract team and you will be sent an email address confirming next steps.

Do I receive opportunity alerts?
Following successful registration, as part of your company profile you can stipulate your preferred opportunity areas of interest along with geographical locations to which you can supply your goods & services. Overnight, your interests will be matched against the latest published opportunities and you will be notified by email. The email will contain links to review, and if you wish, express your interest in each of the opportunities.

Next in the registration process is to confirm your email address and set a system password – this password must be at least 8 characters long and contain a mixture of uppercase and lowercase letters, numbers and symbols for example #Password99
